Editor's Corner

We welcome Sarah Hindman Hawker as the new director for KYAE. Hopefully you were able to attend the Regional **KAACE** gatherings to meet with her. She has also been able to attend a recent **KAACE** board meeting. In future newsletters we will get to know her and also the **KAACE** Board.

I hope this issue has helped give you a useful overview of the conference. I know everyone is busy gearing up for a great year in Adult Ed! I can't stress enough how important it is that everyone join **KAACE**. There is strength in numbers!

I also commend the conference planning committee for their work in getting ready for October 26/27. One can't imagine how much there is to do to get a conference planned and see it through. You will find that the focus of the conference is on "instructional strategies" and we can have fun in the process! I wish for you a blessed year!!
